

# THE TOTAL SOLUTION FOR ALL YOUR SECURITY NEEDS

Galaxite solutions

[www.galaxite-solutions.com](http://www.galaxite-solutions.com)

- ✓ Proven track record
- ✓ Strong international experience
- ✓ Flexible & adaptive solutions
- ✓ Full suite of cyber intelligence and security solutions (including Osint)
- ✓ Innovative & different thinking
- ✓ Full service offering; from creation to implementation
- ✓ Driven by delivering client ROI

Galaxite is a leading security & intelligence company with field proven operational and conceptual experience, specializing in the design and implementation of innovative & complex security solutions.

Our unique operational systems, provide unrivalled flexibility, that can be adapted for a wide variety of end-to-end solutions, quickly, efficiently and with excellence.

Theft prevention, early detection of terrorist attacks, prompt warning of utility malfunctions, crowd disturbance are just a few examples of the current uses of our security and protection technology.

## CIVILIAN SAFETY

Comprehensive security systems and protection

SAFE CITY & TRAFFIC CONTROL

MEGA EVENTS

VIP PROTECTION

## HOMELAND SECURITY

Effective real-time command & control for routine and crisis situations

AIRPORTS / PORTS

BORDER CONTROL

COUNTER TERRORISM

ACCESS CONTROL

## ASSET PROTECTION

Leading edge monitoring & control for efficient, sustainable & secure operation

WATER NETWORKS

ELECTRICITY PLANTS & GRIDS

OIL & GAS PIPELINES

## INTELLIGENCE

Full suite of cyber security intelligence products (inc. Osint)

CYBER SECURITY

SOCIAL MEDIA & WEB INTELLIGENCE

CELLULAR INTERCEPTION

# HOW THE TECHNOLOGY WORKS:

- Integrates all multiple sensors in operation
- Creates accurate real-time picture at control centre
- Immediate warning raised from potential risk factor
- Executes appropriate action response

## INDICATIVE COSTING

Our projects need to be assessed on a case by case basis (as each has a unique brief and specific requirements).

However, as a guide, our pricing ranges from USD 2.5m to over USD 1bn.

GULF STATE: Safe City

One of the world's largest safe city programs, delivering security and protection to 1.6m residents. Thousands of networked sensors with advanced analytical capability managed via a central command and control centre.

EASTERN EUROPE: Transportation

Cutting edge smart transportation security developed for its capital city. Designed and implemented airport terminal and perimeter security at both the airport and main railway terminal.

ASIA: Stadium Security

Designed and implemented the security & operational solutions for Kerala Stadium in India. Including security (cyber intelligence and monitoring), riot (hooligans), parking management, FIFA regulations.

WESTERN EUROPE: Cyber & Security

Created and installed a fully operational cyber and security solution with a single national command & control centre for a business with more than 200 sub-stations.
